**All mailbox replacements shall be model ME-2, ME-4, ME-5 or ME.
Your HOA has approved these as our community standard.**

Cast Aluminum Mailbox model ME-2, ME-4, ME-5 or ME
Fluted Post (3 inch diameter)

Flat mounting plate

Black finish

Raised brass (preferred) or vinyl address numbers, one or both sides

Manufacturer recommended maintenance

Normal Cleaning: Use Pledge® to clean and bring back protective shine.

Stain Removal: Polish area with very fine steel wool and then apply Pledge.

Re-Paint: Prepare surface by polishing with very fine steel wool.

Apply Rust-Oleum® brand, "Semi-Gloss Black" #7798 Enamel paint.

Additional care instructions at the above website.

Original **Eurolight** style mailbox with 3 inch fluted post. This style was used by the Builder for much of the neighborhood development but the manufacturer went out of business. The Builder switched to the company listed above and introduced the smaller ME model shown below.
Some repair parts are still available.

Box replacement is to be models listed above.

Original **ME** style mailbox with 3 inch fluted post. This smaller style was used by the Builder towards the end of the neighborhood development but is no longer approved by the USPS and has been discontinued.

Some repair parts are still available.

Box replacement is to be models listed above.

Please contact the Architectural Committee if you have any questions.
